

MAP / MScP

Confirmation of Change to Research Committee

- NB:
- Research committee are comprised of at least 2 people (one of whom is the Supervisor). The student determines his or her own research committee and is responsible for securing the commitment of research committee members, after consultation with the Supervisor.
 - The research committee should be established in the first term (Y1T1) of the program and is formalized on the student's Program Record in the second term (Y1T2)
 - Submission of this form confirms changes made to the Research Committee composition.
 - The addition of or change to Research Committee members requires the approval of the Research Supervisor.
 - Students submit this form to the [SCARP Graduate Administrator](#).
